Sir:

**INFORMATION DISCLOSURE STATEMENT**

Attention is directed to the attached additional reference (EP-0854611-A2) recently cited and relied upon in combination with earlier reference GB 2361830-A in an EPO office action for a counterpart. A PTO-1449 is also attached.

Official consideration and citation of this new reference is requested.

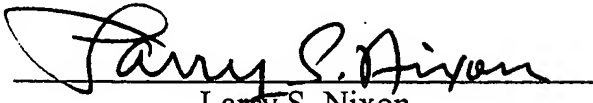

Applicant does not regard either of the above-referenced documents as relevant to any of the claims of the present application. Neither document shows the provision of a header specifying uniquely both destination and destination port.

Since there has not yet been any office action correctly issued in this case (see applicant's January 5, 2004 submission) no IDS fee is believed necessary. If such is deemed necessary, then authority is hereby given to charge same to our Account No. 14-1140.

DONOGHUE et al  
Serial No. 10/067,738

Respectfully submitted,
